**The All Day Complex Case Studies based on
AMA Guides 5th edition Workshop on Sunday,
July 28, is specifically designed for Doctors of all
specialties, as well as psychiatrists, psychologists,
internal medicine, physiotherapist, occupational
therapist, lawyers and others who have already
been trained in the use of the AMA Guides 5th
edition and now want to take their skills to the next
advanced level. This workshop will cover 20 case
studies including psych and internal medicine
cases that would enhance the skills beyond the
initial training in the AMA Guides 5th ed. Anyone
who has attended a one- or two-day AMA Guides
5th edition training previously should consider
attending this new and Advanced Complex Case
Studies workshop as it would help them advance
their skills in the use of AMA5.**

**How ABIME Certification
Advances Your Career**

Certification through the American Board of
Independent Medical Examiners (ABIME) sets you
apart as an Internationally recognized medical
examiner. ABIME certification represents the
pinnacle of professional competency and integrity,
instilling greater client confidence in your
capabilities and identifying you as an experienced
physician who understands the unique issues of
disability evaluation. Doctors certified by ABIME
meet the demand for quality, impartial impairment
and disability evaluations. A 4-hour Online Exam
will be offered on July 28, 2024 and requires a
separate application. Please visit www.abime.org
for details and the application process. **The exam
details will be provided at the conference.**

Invitation from Professor Mohammed Ranavaya, MD, JD, FRCP

Please accept my invitation to attend an upcoming *American Medical Association Guides to the Evaluation of Permanent Impairment (AMA Guides) 5th ed.* training with focus on Advance Case Studies on **July 27th and 28th 2024**, beginning at 8am **United States Eastern Standard Time** each day.

This training will be provided as live lectures by video linked virtual seminar i.e. webinar with Zoom technology. The software is very simple and easy to work with. You will be connected to live class room with a simple click on your computer or other online device.

Following are some of the features of such training for you to consider:

1. Eight-hour long sessions would be carried out on Saturday and Sunday, very similar to the training seminars previously delivered in person.
2. I will be conducting this seminar live from our telehealth communication center on our professional Zoom webinar platform.
3. The training will begin at 8 AM USA Eastern Standard time each day on Saturday/Sunday & conclude at 4:30 PM.
4. The tuition fees and other credits will remain the same just as live in person.
5. Each attendee will receive the same certificate of training from the American Board as the attendees of in person program receive. In other words, there will be no difference in this virtual training from live in person training.
6. Attendees will need an Internet connected computer or another device that can run Google Chrome browser or Microsoft Edge which is free to download.
7. This will be a live webinar by Zoom webinar technology and there will be no permission to record it. Only registered individuals would be permitted to attend.
8. The attendee would need to have a Webcam and microphone attached to their device. Each attendee would be monitored throughout the session to ensure the attendance and presence during the lecture for conference with CME rules. This would mimic a live training as nearly as possible.
9. Our IT team would provide easy to follow instruction and would also be available during the workshop to sort out any problems and trouble shoot any issues.
10. Each one of you would need an AMA Guides 5th ed. Book in front of you to learn as I would directly teach from the book. There would be no handout material.
11. Each attendee would be able to communicate directly with me and interact with other attendees during the seminar using Webcam and audio.
12. There will also be a secure online ABIME CIME exam for those of you who wish to sit for the exam. So, the entire ABIME CIME certification process can be done in a virtual environment.

Mohammed Ranavaya, MD, JD, MS, FRCP, FFOM - President, ABIME
